

## LMC 4102 Senior Thesis Request Form

The LMC undergraduate thesis is designed for students who plan to attend graduate or professional school or who plan to pursue careers with significant research components. The thesis project must reflect genuine student interest in some area of inquiry related to the LMC curriculum. Ideally, the project will grow out of research questions that students have encountered in their LMC classes. The thesis should draw upon substantial independent research to define and explore an issue relevant to topics initially encountered within the LMC curriculum.

---

*To be completed by the faculty member:*

I commit to supervising a Senior Thesis for (*student name*): \_\_\_\_\_

Semester/Year: \_\_\_\_\_

Below are expected faculty commitments for the successful supervision of a senior thesis:

- **Thesis Proposal Submission:** The faculty member will submit a thesis proposal created in consultation with the student (protocol attached) to the Director of Undergraduate Studies (DUS) and Academic Program Manager (APM) by the end of the 2nd week of classes.
- **Supervision Meetings:** The faculty member and student commit to meeting regularly to discuss progress, provide guidance, and address any questions or concerns. Meetings will be scheduled on a \_\_\_\_\_ (weekly/biweekly) basis to ensure continuous support.
- **Accessibility:** The faculty member will be readily accessible for additional consultations and communication through email, scheduled appointments, or other agreed-upon channels.
- **Feedback and Evaluation:** The faculty member will provide timely and constructive feedback on drafts, ensuring the student receives the necessary guidance to refine and improve the thesis.

**Faculty Advisor:**
